## **1. Hamburg - St. Petersburg Stem Cell Transplantation Projekt**

---

Congress, 2007-06-22

The congress “The Hamburg – St. Petersburg Stem Cell Transplantation Project” will review a 15 years collaboration aiming at the development of an allogeneic transplant program in St. Petersburg: From humanitarian help towards the collaboration of equal partners.

The scientific talks cover questions of biology of bone marrow transplantation, engraftment, graft-versus-host-disease, new indications for hematopoietic stem cell transplantation and the future development of cell and gene therapy.

Please come and join us in the scientific meeting and the celebration of a long-standing friendship.

Prof. Dr. Dr. h.c. Axel R. Zander

Stem-cell team, St.Petersburg, Hamburg 23.06.2007

## **2. HEMOPOIETIC STEM CELLS TRANSPLANTATION**

---

International Meeting dedicated to the memory of Raisa Gorbacheva

HEMOPOIETIC STEM CELLS TRANSPLANTATION, Saint-Petersburg, September  
21-22, 2007
