

# Modern Trends in Human Leukemia Book IX

## Table of contents

|                                       |   |
|---------------------------------------|---|
| 1 Preface.....                        | 2 |
| 2 001 - Lecture.....                  | 2 |
| 3 002 - Clinical Aspects.....         | 2 |
| 4 003 - Cell Biology.....             | 2 |
| 5 004 - Molecular Genetics.....       | 3 |
| 6 005 - Virology.....                 | 3 |
| 7 006 - Immunology.....               | 3 |
| 8 007 - Early Life and Evolution..... | 4 |
| 9 008 - Subject Index.....            | 4 |

## 1. Preface

- [Contents.pdf](#)
- [Haematology and Blood Transfusion.pdf](#)

## 2. 001 - Lecture

- [Dr. Mildred Scheel Memorial Lecture.pdf](#)
- [Frederick Stohlman Jr. Memorial Lecture.pdf](#)
- [List of Participants.pdf](#)
- [Pastor Bode Lecture.pdf](#)
- [Wilsede Scholarship Holders.pdf](#)
- [Yuri Ovchinnikov Memorial Lecture.pdf](#)

## 3. 002 - Clinical Aspects

- [001 - Clinical Aspects.pdf](#)
- [003 - Bone Marrow Transplantation in Children.pdf](#)
- [011 - Proliferation-Inducing Effects of Recombinant.pdf](#)
- [016 - Effects of Granulocyte Colony-Stimulating Factor.pdf](#)
- [022 - Interleukin-1 Production in Patients with.pdf](#)
- [028 - The Results of Treatment of Acute Lymphoblastic.pdf](#)
- [032 - Long-Term Follow-Up Study in Childhood Acute.pdf](#)
- [033 - Monoclonal Blast Cell Proliferation in Transient.pdf](#)
- [038 - The Comparison of the Expression of Activation.pdf](#)
- [041 - Multiple Myeloma - Immunodeficient.pdf](#)
- [050 - Prognostic Factors in Patients with Multiple Myeloma.pdf](#)
- [056 - Cytogenetic Disorders During Tumor Progression.pdf](#)
- [059 - New Cytogenetic Aspects of Myelodysplasia.pdf](#)
- [065 - Detection of Minimal Residual Leukemia by Polymerase.pdf](#)
- [072 - Structural Changes in Blast Cell Chromatin and DNA.pdf](#)

## 4. 003 - Cell Biology

- [076 - Cell Biology.pdf](#)
- [077 - Animal Models of Normal and Leukemic Human.pdf](#)
- [083 - Colony Stimulating Factors - Regulation of.pdf](#)

- [093 - Adhesive Interactions in the Regulation of.pdf](#)
- [097 - In Vitro Effect of GM-CSF and IFN- \$\gamma\$  on the.pdf](#)
- [101 - The Effect of Bone Marrow Fibroblast and Stromal.pdf](#)
- [106 - Hemopoietic Stem Cells in Embryogenesis of the Mouse.pdf](#)
- [110 - Induction of Differentiation of the Human.pdf](#)
- [115 - Molecular Mechanisms in Myeloid Lineage Development.pdf](#)
- [121 - Proteoglycans in Cellular Recognition and Secretory.pdf](#)
- [140 - Modification of the In Vitro Replication of the Human.pdf](#)

## 5. 004 - Molecular Genetics

- [152 - Molecular Genetics.pdf](#)
- [153 - Molecular Cloning and Expression of CD34.pdf](#)
- [159 - Molecular Genetics of the Human GM-CSF Receptor.pdf](#)
- [166 - Structural Organization of the Cytokine Gene Cluster.pdf](#)
- [175 - Genes Encoding Tumor Necrosis Factors.pdf](#)
- [185 - Molecular Characterization of the Mouse.pdf](#)
- [191 - Signal Transduction Through Foreign Growth Factor.pdf](#)
- [194 - Genetic Analysis of Ion Transport.pdf](#)

## 6. 005 - Virology

- [200 - Virology.pdf](#)
- [201 - The Molecular Biology of the Myeloproliferative.pdf](#)
- [208 - Raf Function is Required for Proliferation of NIH3T3.pdf](#)
- [213 - erbB \$\alpha\$  - an Ignition Spark for the Xiphorus Melanoma.pdf](#)
- [235 - Analysis of Human Retroviral Regulatory Proteins Tax.pdf](#)
- [241 - Human Neuroblastoma.pdf](#)
- [251 - Activation of Gene Expression by Human Herpes Virus 6.pdf](#)
- [256 - Expression of S71-Related Sequences in Human Cells.pdf](#)
- [260 - Selective Integration of Rous Sarcoma Virus Genome.pdf](#)
- [262 - Molecular Mechanism of Alteration of H-resI Oncogene.pdf](#)

## 7. 006 - Immunology

- [266 - Immunology.pdf](#)
- [267 - Natural Killer Cell Mediated Defence Directed.pdf](#)
- [279 - Tumor Rejection Antigens and Immune Surveillance.pdf](#)

- [286 - Glycophosphatidylinositol-Anchored Membrane Proteins.pdf](#)
- [290 - The Molecular Mechanism of Muramyl Peptides Biological.pdf](#)
- [294 - A Novel Nuclear Factor Binds to the NF-KB Motif.pdf](#)
- [302 - Soluble Cytokine Receptors as Immunomodulators.pdf](#)

## **8. 007 - Early Life and Evolution**

- [310 - Early Life and Evolution.pdf](#)
- [311 - Immunological Self-Nonself Discrimination.pdf](#)
- [316 - Multigene Families - The Problem of Molecular.pdf](#)
- [323 - Repeated Intragenome Parasites as a Factor in.pdf](#)
- [329 - Frozen Temporal Pattern in Growing.pdf](#)
- [336 - On Some Concepts in Modeling Nonlinear Phenomena.pdf](#)

## **9. 008 - Subject Index**

- [343 - Subject Index.pdf](#)
